**Executive Summary**

The General Ledger (GL) program manages central financial accounting and reporting, including the annual external financial audit, audit of the County's expenditures of Federal awards, the indirect cost allocation plan, contract fiscal compliance over grants as well as general accounting support and assistance countywide.

**Program Description**

The GL program supports and monitors the County's financial accounting activity by performing corporate level accounting functions, including account reconciliations, review / approval of accounting transactions and preparing required financial reports.

The primary product is the County's Comprehensive Annual Financial Report (CAFR), which includes all activities associated with the required annual external financial audits. The CAFR earns the Government Finance Officer's Association (GFOA) award annually for excellence in financial reporting. This award indicates management has prepared financials meeting the reporting standards and requirements noted by GFOA. Approximately 3% of government entities in the US receive this award annually.

The program's fiscal compliance (FC) unit performs site reviews and financial statement analyses on County human service contracts in order to maintain compliance with Federal, State and County laws and regulations and to provide fiscal oversight of contracted programs. GL also prepares the County's cost allocation plans needed to recover central and departmental overhead and administrative indirect costs from external revenue sources. Maintaining internal controls and the chart of accounts are also performed by GL. Climate Action Plan (18-8) - electronic financial statement reporting for the CAFR on the Commons and internet supports Countywide initiatives for paper/waste reduction.

**Performance Measures**

Measure Type	Primary Measure	Previous Year Actual (FY11-12)	Current Year Purchased (FY12-13)	Current Year Estimate (FY12-13)	Next Year Offer (FY13-14)
Output	# of properly stated balance sheet accounts per review of external auditors	298	298	300	300
Outcome	% of properly stated balance sheet accounts per review of external auditors	100.0%	100.0%	100.0%	100.0%
Outcome	% of total pass-through dollars actively monitored by Fiscal Compliance	66.0%	70.0%	65.0%	70.0%
Outcome	% of external auditor recommendations successfully implemented in a fiscal year	60.0%	80.0%	70.0%	75.0%

**Performance Measure - Description**

**Output:** In the County's external financial audit, the auditors will analyze and audit our balance sheet accounts. Fewer balance sheet accounts identified with misstatements will indicate a high degree of accuracy in the financial statements.

**Outcome:** In the annual external audit, the auditors review and analyze the general ledger. A higher % of accurately stated accounts indicates fewer misstatements in the County's financial statements and related documents.

**Outcome:** FC unit performs financial monitoring of County funded human service (HS) providers. Monitoring includes Federal, State, County and other funds recorded in the pass-through/program support GL account. A higher percentage monitored indicates greater coverage which results in a decrease in County financial risk as it relates to HS providers.

**Outcome:** In the County's external financial audit, the auditors provide a list of recommendations to management on areas noted for improvement. A high percent of auditor recommendations successfully addressed indicates a improved/strengthened internal controls and management review over the County's financial data and operations.

## Legal/Contractual Obligation

Oregon Revised Statutes(ORS), Ch. 297~Audits of Public Funds and Financial Records requires governments to have an external audit and submitted to the Secretary of State - Audits Division. The Office of Management and Budget(OMB)Circular A-133 (Audits of States, Local Governments & Non-Profit Organizations) requires entities expending Federal funds over \$500,000 in a fiscal year to have a single audit of Federal awards. Also per A-133, Federal funds that are passed on to other organizations (such as non-profits) must perform subrecipient monitoring on those contracts funded with passthrough dollars. OMB A-87 (Cost Principles for State, Local & Indian Tribal Governments) requires organizations to publish an approved indirect cost allocation plan for any indirect or administrative costs allocated to Federal awards.
